MEMO

Re: JOEL BARR  
ESPIONAGE - R

The following information was furnished on a confidential basis and should not be made public except in a usual proceeding following the issuance of a subpoena duces tecum.

b7d [REDACTED] National City Bank, 96th Street and Broadway, New York City, made available the following information concerning the account of JOEL BARR. On April 6, 1944 Special Checking Account No. 5103 was opened in the name of JOEL BARR, 241 West 97th Street, New York City, telephone WO 2-5602. He furnished the name of the Western Electric Company, 11th Avenue and 54th Street, New York City, as a reference and also furnished the name of Mr. L. L. O'KEEFE, Department 9680, and listed his occupation as engineer. Inquiry was made of the Western Electric by this bank and Western Electric, in report, advised on April 15, 1944, that JOEL BARR had been employed by them since March 14, 1942 as an engineer. The account was closed March 2, 1948, balance of \$1.25; reason for closing, unsatisfactory account.

The following is a complete transcript showing all activity in this account. Inasmuch as the National City Bank has all checks drawn on the customers accounts, a representative number of the checks were located on the photographic film, the details of which are listed in the transcript. A representative number of deposit slips were examined. On March 8, 1945 JOEL BARR cashed 22 War Savings Bonds, Series E. A detailed listing of the bond numbers was obtained and they are contained in the Agent's notes. All these bonds, it was noted, were issued at the Western Electric Company, Kearney, New Jersey; JOEL BARR'S address was given as 241 West 97th Street, New York City; the beneficiary was listed as Mrs. REBECCA BARR.

MEMO

RE: JOEL BARR  
ESPIONAGE - R

On September 24, Mr. LARRY VANDE WATER, Security Department, Sperry Gyroscope, Inc., Lake Success, New York, made available the personnel file of BARR which reflected the following information.

BARR was employed as a project engineer at Sperry from 10/28/46 to 10/16/47 at \$450 per month. He was discharged from Sperry because he could not secure a security clearance and would not be re-employed. His address at time of termination was 241 West 97th Street, New York 25, NY. The records show he was born 1/1/16 at Brooklyn. His father BENJAMIN BARR, born in the Ukraine was listed as being a printer with a business address of 20 West 22nd Street, New York City, phone MO 2-5602.

BARR listed the following as references for the Sperry employment:

Dr. J.R. RAGAZZINI, Professor, Columbia University  
Mr. R.J. SCHWARTZ, Engineer, residence 640 Riverside Drive, NYC  
Mr. J.R. ROSENBERG, Engineer, 10 Monroe Street, NYC

The Sperry records further reflected that from March, 1942 to October, 1942 BARR was employed by the W.E. Co.-Bell Laboratories, NYC and he left this employment to attend school. The records show that from September, 1940 to February, 1942 he was with the Signal Corps Laboratories at Fort Monmouth, New Jersey and left this position for a better offer.

MEMO  
NY 65-15392

From March, 1940 to September, 1940 he stated he was with the Aeronautical Authority in Washington, D.C. The Sperry records show he attended PS 156, Brooklyn and also Tilcen High School. BARR also had attended CCNY and Columbia University NYC.

Mr. ERIC J. ISBISTER, Department Head in the Radio Engineering Division at Sperry, advised that while BARR was at Sperry's he was employed in a study program for the Air Force which consisted of research in regard to long range radar. This study was being conducted for the Watson Laboratories, Red Bank, New Jersey and was conducted under Air Force contract W-28-099-AC-454. Mr. ISBISTER stated the study program was top secret at Sperry at the time and still is. Mr. ISBISTER advised that BARR reported to him that he found him to be a brilliant engineer and had never heard or seen anything derogatory reflecting on his character or loyalty.

Mr. ISBISTER advised that the following individuals were connected with BARR in this study program at Sperry:

EDWARD FARLOW, WILLIAM GRAHAM, and JOHN MALLETT

All the above mentioned persons are now connected with project RAND, which is a program of the Rand Corp., NYC and are no longer with the Sperry Corp.

The only person presently with the Sperry Corp., who worked with BARR in this program is MISCHA SCHWARTZ, who is an engineer.

Mr. ISBISTER furnished no further information in regard to BARR but he said that at the time BARR was with Sperry Corp. working on this long range radar program that it was secret of the highest classification.

Re New York letter to Seattle, dated April 17, 1952.

For your information stop notices that are placed with the Bureau of Customs are actually printed and mailed to the Collector of Customs by the Mechanical Section of the Bureau.

The records of the Mechanical Section reflect that the stop notice originally requested by the New York Office was printed and mailed to all Collectors of Customs on August 2, 1950. This stop was to remain in effect until cancelled by this office.

In view of referenced letter, the Mechanical Section reprinted copies of the original stop notice and fifty copies of this stop were forwarded to the Seattle Office so that the various offices falling within the jurisdiction of the Collector of Customs in Seattle would be aware of the existence of this stop notice.

## Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC, NY

FROM : ROBERT W. LAKE, JR. (65-15392)

SUBJECT: JOEL BARR  
ESPIONAGE - R

DATE: 1/19/54

HARVEY LEE SACHS was acquainted with RALPH KRICKER and ALFRED SARANT while a student at Cooper Union (1937-1941). SACHS, during the latter part of 1941 until about March 1942, resided with ALFRED SARANT and BENJAMIN GEORGE LEWIS at 590 Russell Avenue, Long Branch, New Jersey, while employed at the Fort Monmouth Signal Corps Laboratory. During his residence at the 590 Russell Avenue address, he became acquainted with JOEL BARR. During the course of his employment at Fort Monmouth (1941-1944), he resided at various times with FRED KITTY, JACK OKUN and AARON COLEMAN. SACHS subscribed to the publication, "In Fact" in the early 1940's and in 1943, was a member of the United Federal Workers of America, CIO.

HARVEY LEE SACHS, 1158 Ashley Drive, Nassau County, Valley Stream, Long Island, was interviewed by SA ROBERT F. ROYAL and the writer on January 4 and 5, 1954, at which time he furnished the following information concerning the captioned subject:

SACHS stated he met JOEL BARR through ALFRED SARANT while residing at the 590 Russell Avenue address, as BARR, on occasions, visited SARANT there. SACHS stated that BARR and SARANT worked together in the same section at Fort Monmouth and appeared friendly with each other.

SACHS stated that he has no recollection of ever having recommended employment at Fort Monmouth to either BARR or SARANT; and further, was not cognizant of BARR'S ever remarking to him that he had used SACHS' name as a reference for employment there.

SACHS stated BARR, to his recollection, never stayed overnight at the 590 Russell Avenue address during the time that he, SACHS, resided there. SACHS stated he believed that BARR took his place at this residence after he, SACHS, went to do field work for the United States Signal Corps (March 1942).

SACHS stated that he characterized his relationship with BARR as that of an "acquaintance", as he was not very friendly with him. SACHS stated that he knows of no espionage or questionable activity on the part of BARR during his association with him.
